

Shackleton needs one more person on his expedition. Write an advert for this. Think carefully about the characteristics this person will need.

You are a member of Shackleton's team. Write a diary entry at the end of your first day on the expedition.

Make a fact file about a polar animal.

Create a piece of artwork representing the Northern Lights.

Spring 2026

Home learning grid- 'Into the Unknown'

We look forward to sharing some of your home learning tasks

What was the 'Titanic'?

Create a 3D model of an iceberg.

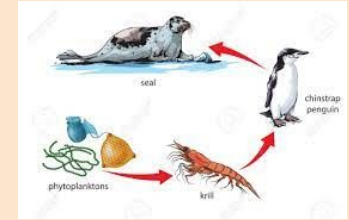

Design your own Endurance. Make it if you can.

Construct a den outdoors. Take the temperature inside the den and outside. Is there a difference? How can you make your den warmer?

Research and show the similarities and differences between the Arctic and Antarctic.

Construct a food chain for a chosen animal from a frozen land.

How do people survive in the Arctic? Research and show your learning how you choose.
